

Nomenclature Committee

Objectives

1. To maintain a list of bryophyte taxa in the British and Irish flora
2. To add new taxa when they are discovered
3. To add taxa when revisions seem to justify them
4. To propose taxa to be deleted
5. To propose amendments to nomenclature, including amendments to taxonomic rank
6. To advise the Recorder of Mosses and the Recorder of Liverworts when a new Census Catalogue or checklist revision is due
